

Oath

**With great respect for everyone's
wishes and preferences,
I hereby solemnly swear, to everyone
present here;**

**That after today I will go through life
vibrating every day and night,
and that my pleasure will always
be number 1.**

I also swear with my hand on my 'pussy'.

**That what is shared and discussed
here tonight,
will stay within these four walls of this
living room and will never be shared beyond.**

Do you solemnly swear this?
